## DIVISION OF BANKING

Barbara M.A. Walker  
State Bank Commissioner

James T. Dillon  
Chief Deputy Bank Commissioner

Roy Romer  
Governor

December 31, 1995

The Honorable Roy Romer  
Governor of Colorado  
State Capitol, Room 103  
Denver, Colorado 80203

Dear Governor Romer:

I am honored to submit this Annual Report (Report) on behalf of the Colorado Division of Banking (Division) for all Colorado state chartered commercial banks, industrial banks, and trust companies, as required by the provisions of Sections 11-2-110, 11-22-109.6, and 11-23-118, C.R.S., respectively. Also contained in the Report is information concerning debt adjusters and money order companies licensed by the Division, and other comparative information.

A summary of Colorado loan and deposit information is presented in the Report. This information was compiled from the Annual Reports of Colorado Deposit and Loan Activity filed for the first time pursuant to Section 11-25-107(2), C.R.S., by all state chartered and federally chartered banks and state chartered industrial banks and their branches accepting deposits in this state, or the bank holding companies and industrial bank holding companies thereof conducting business in this state. The information provided in these reports is intended to enable the Division to monitor and report on the flow of deposits and lending activity of banks operating in Colorado.

The Colorado economy remained strong during 1995, although not as robust as the previous two years. The Economic and Revenue Forecast prepared by the Colorado Legislative Council projects that the Colorado economy will continue to grow during 1996, albeit at a slower rate than previous years. Unemployment figures are expected to be low during 1996 and Colorado should again experience a net gain in job creation.

The Honorable Roy Romer  
Page 2  
December 31, 1995

Colorado state chartered banks and trust companies recorded strong earnings in 1995 and this trend is projected to continue in 1996. Commercial bank consolidations continued at a fast pace during 1995, resulting in a decrease in the total number of state chartered banks and industrial banks. However, the capital base of state chartered banks, industrial banks, and trust companies increased during 1995, as did total bank assets and trust assets. During 1995, two *de novo* commercial bank charters were approved by the Colorado State Banking Board.

The 129 state chartered commercial banks reported total deposits of \$8,621,188,000 and total assets of \$10,027,847,000 as of December 31, 1995. Assets increased by 15.0 percent over those reported in 1994. At the end of 1994, there were 140 state chartered commercial banks with total deposits of \$7,516,423,000 and total assets of \$8,728,495,000.

The 5 state chartered industrial banks reported total deposits of \$360,165,000 and total assets of \$431,282,000, as of December 31, 1995. Assets increased 20.9 percent since 1994, at which time the 6 state chartered industrial banks reported total assets of \$356,809,000 and total deposits of \$274,117,000.

Colorado has 8 state chartered trust companies that reported total trust assets of \$36,695,293,000 as of December 31, 1995. Trust assets increased 28.0 percent since 1994, at which time the 9 state chartered trust companies reported total trust assets of \$28,679,406,000. Deposits of \$1,310,114,000 were held in 3 FDIC insured trust companies. This is a decrease of 9.6 percent from the \$1,449,069,000 in deposits held on December 31, 1994.

The Division hopes that this Report is helpful to you and your staff.

Sincerely,

Barbara M.A. Walker  
State Bank Commissioner
